Description: I wasn't smart enough to learn a computer language like Python—until I got smart about how to learn it. I was smart enough to earn an honors degree in philosophy from Harvard, but an aptitude test told me to avoid computer programming. I'm sure it was right. But then I designed a learning system for myself that quadrupled my aptitude for learning computer...

Review: I've been a long-time fan of Mr. Myers' books. Purchasing his first book on HTML and CSS was the beginning of my web development journey. It sparked something inside of me and since then I have purchased all of his books (JavaScript, jQuery, and now his latest on Python). Every book comes with an awesome set of online exercises that really cements knowledge...
